Nurserymen's Exchange Terms of Sale

- Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitute."
- No complaints entertained after five days from receipt of merchandise.
- All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.
- We supply 250 at the 1000 rate of each variety, except where specified to contrary.
- This price list cancels our previous lists and quotations. No orders, please, for less than \$10.00.
- All prices subject to change without notice.
- Terms—Customers not having an established account with us, please send remittance with order. 50% in advance on all C.O.D. shipments.
- All stock travels at risk of purchaser. This stock is carefully packed and we hold "good order" receipt from the Transportation Co. for same. There our responsibility ceases. If the stock reaches you in bad condition accept it "in bad order," notify agent and bring claim against the Delivering Co. for damage caused by their negligence, as no allowance for this cause can or will be made by us.
- The Nurserymen's Exchange gives no warranty, express or implied, as to productiveness, of bulbs or plants they send out; they will be in no way responsible for the crop. Nurserymen's Exchange gives no warranty express or implied as to the use of any of its products except on garden hose.
- Packing charges will be made on Plant Material.
- All orders are shipped freight collect unless ordered prepaid. Prepaid prices are in all states and U. S. possessions.

Please Note our Freight Paid Prices!

Grow Breathtaking Redwing Azaleas* in One Year Instead of Two!

BLOOM-RITE PATENTED AZALEAS

PLANT PATENT NOTICE

These plants are patented varieties under the laws of the United States and are distributed under license from the patent owner. Any asexual reproduction thereof by means of scions, buds, cuttings, grafts or otherwise, without license from the patent owners, constitutes an infringement of Plant Patent Laws. Any unauthorized reproduction, sale or distribution of the patented varieties, under names and/or trademarks of the patent owner or under any other name or names, will render the reproducer seller and/or distributor thereof liable for prosecution for infringement under the United States Patent Laws.

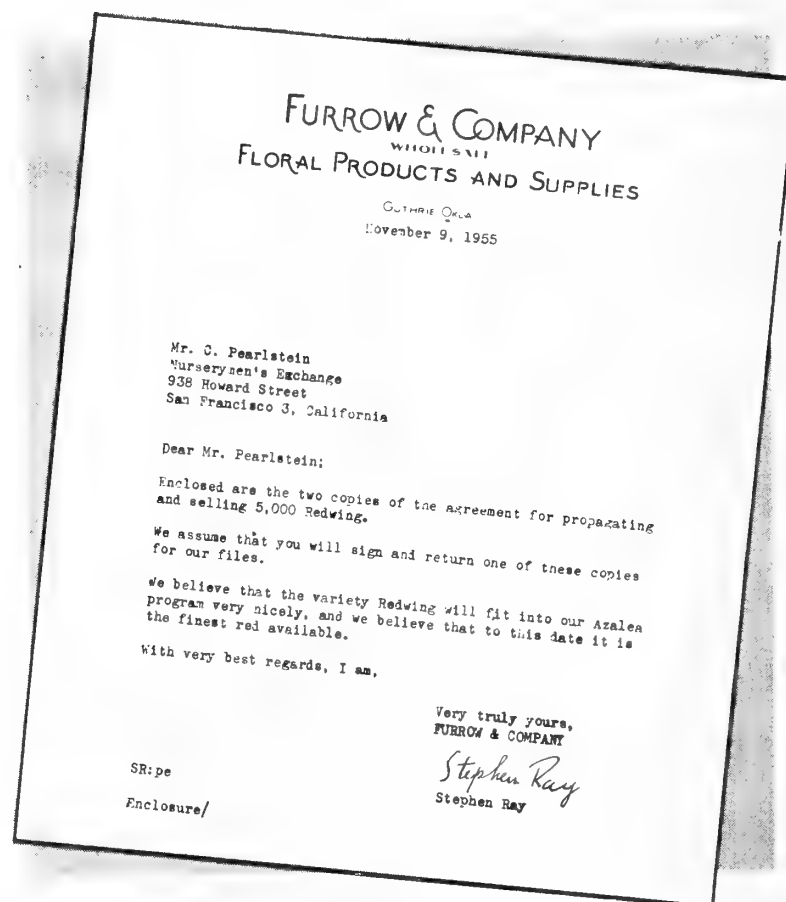

\$500 REWARD

for information and facts leading to successful prosecution of anyone who may be infringing upon these patents.

*RED WING U. S. Patent No. 1159. Rich red, orange undertones. Extra long-lasting; ruffled.

Patented Ecstasy, Cardinal and Melody Azaleas—Available in limited quantities at same prices as Red-Wing.

By growing Red Wing you will find you can cut your growing time over 40%. Many leading Azalea growers use Red Wing because of this drastic reduction in growing overhead.

"TRAIN-ETTS"

Sell this fine New Trellis instead of wire or string for training Sweet Peas and climbing vines. Just what is needed for Pole Beans, Peas, and all other light climbing vines. Wire gets hot in the sun and burns the tender

tendrils, retarding growth. String is tedious to tie and often rots, letting plants fall down. "TRAIN-ETTS" are weatherized and scientifically made and will not rot out or burn the plants. Easy to hang, attractive and strong.

Cleverly Designed HEALTH-O-POTS

allow plants to breathe through porous walls!

If ordering prepaid,
please order 100 lbs.
or more.

Beautifully enameled flower pots are designed so plants can breathe through porous wall. The patented reservoir in the bottom of the pot takes care of excess water and the wall of the pot acts as a wick to draw water into the soil as needed. These pots eliminate the need of saucers, a feature not available in most pots.

The SMITH LIQUID FERTILIZER DISPENSER

ACCURATELY measures fertilizer and mixes it with water in a **SAFE** proportion.

SMITH DISPENSER

The Smith Measure-Mix is an automatic, accurate, dependable, non-hazardous device for injecting liquid fertilizer solutions into the water supply. It is driven by the flow of the water, so requires no electric power connections or gasoline engine. All the water used in feeding must flow through the machine. Accuracy is guaranteed within 10% with all types of liquid fertilizer solutions, and in most services is within 2 to 5%. This accuracy will be maintained regardless of any changes in the water pressure or rate of water flow.

The Smith Measure-Mix gives very satisfactory service in normal use. There are no worries about getting too much fertilizer in the water, resulting in plant losses from "burning." If anything ever goes wrong with a machine, it applies less fertilizer, never more.

Model R-3 for $\frac{3}{4}$ " hose connection (portable unit) will handle up to 15 gallons per minute of water. **Model R-8** for 2" pipe connection (usually permanently mounted, but can be portable) will handle up to 100 gallons per minute of water. Either model can be made to proportion liquid fertilizer in any amount desired. Standard setting is 1 to 100.

Hozon Fertilizer Dispenser

FOR GARDEN USE

The safe way to apply any concentrated water-soluble fertilizer.

Apply chemical fertilizers, such as Bloom-Rite, ammonium sulphate, nitrate of soda, nitrate of potash, muriate of potash, ammo-phos, nitro-phoska, urea, etc., without fear of burning—without any hard work on your part. It applies the solution and washes it down in one fast operation! Mixes the concentrated solution with water in a mild 1-to-16 ration, and delivers it to the nozzle of an ordinary garden hose.

Packed in attractive lithographed carton $5\frac{1}{4}$ x 4 x $1\frac{1}{2}$ " with instructions on how to use on the back, as shown in illustration.
